--- 2/15th Pound - Series “C” - 155 x 15 mm. - scanned at 100% scale ---

The catalogue lists the 2/15th pound strip as follows:

RP-914 - 2/15th pound, imperforate, with 3 mm. blue control numbers

---

The first listed *dated* example of **RP-914** (the imperforate 2/15th pound strip) was used by “Tuckett Tobacco”, Hamilton, in February 1936. The hidden letters “A-J” must indicate that the die was approved in 1935. BABN reports that a plate contained 30 stamps – probably 3 x 10 impressions.

The collection ***does not contain***, and the catalogue ***does not list***, a *fine roulette* separation, although I suspect that the initial strips were separated by *fine roulette*.

RP-914 - 2/15th pound, imperforate, control **4814326**
Coded **1-18-E / 26** by “Tuckett Tobacco”, Hamilton, in February 1936

0704366		RP-914	2/15th pound, imperforate, rollered **1-10-D**
3833254	11/35	RP-914	2/15th pound, imperforate, rollered **6-10-D / BFD**
4814326 ★	02/36	RP-914	2/15th pound, imperforate, coded **1-18-E / 26**
5209022 ★	03/36	RP-914	2/15th pound, imperforate, rollered **6-10-D / CGA**
5391137	03/36	RP-914	2/15th pound, imperforate, rollered **6-10-D / CGA**
5601237	04/36	RP-914	2/15th pound, imperforate, rollered **6-10-D / AGB**
7293114		RP-914	2/15th pound, imperforate, rollered **1-10-D**

Apparently this was the end of the control sequence, and of the use of RP-914

The control numbers on the 2/15th pound strip have run through the introductory sequences from **0000001** to **7293114** - so at this point the 2/15th pound total is 7,293,114 strips.

Note: the introductory numbers, and each subsequent alphabetic letter sequence, cover 10,000,000 strips

There are no reported BABN or company overprints or surcharges on RP-914
